Building Excellence in South East Victoria

South East Victoria's top Commercial and Residential Builders have been recognised at Master Builders Regional Construction Awards for outstanding projects in the Gippsland area.

Kirway Constructions Pty Ltd was crowned the region's Commercial Builder of the Year for the Dalkeith Community Centre. Meanwhile, Brooker Builders Pty Ltd was named the region's Residential Builder of the Year for the Metung project.

Master Builders Executive Director, Brian Welch, said all entrants delivered competitive and attractive projects, making the judges' decisions difficult.

"I congratulate the winners for incorporating a high level of quality and lifestyle specific amenities into their projects," he said.

"The Awards demonstrate the outstanding talent and workmanship of builders in South East Victoria."

"Customers in South East Victoria can approach all the builders recognised in these awards with confidence, as they have received the Master Builders' recognition of construction excellence."
